WHO IS JANINE AND WHAT IS CEROC?

Janine Thom has been dancing since she was 7 years old: ballet, tap, modern, hip hop, flamenco and the like. She has also performed and taught ceroc for the last 4 years. Janine currently travels both nationally and internationally with a performing arts company called "Heart Bridge".

She has studied dance and body conditioning (and continues to do so) with numerous teachers around the world. Janine has been trained in South Africa (where she was born), Germany, London, India, Brazil, and North America.

Ceroc, is one of Janine's most enjoyed dance styles. It is a type of modern social dance which incorporates elements of rock and roll, jive, and salsa. It is a fun and interactive type of partner dancing which can be done to any style of music.
